Unique Travertine

Unique Travertine, progettualità senza confini

Unique Travertine è un inno alla matericità calcarea del travertino, una collezione suggestiva e versatile, capace di reinterpretare un materiale classico in una chiave inedita e attualissima: un progetto completo, realizzato attraverso lo studio delle diverse lavorazioni del travertino.

La gamma si compone di numerose declinazioni, dalle più naturali come Vein Cut, con le tipiche venature longitudinali del taglio nel verso della vena, Minimal, che si ispira alla lavorazione del retro del travertino, fino alle versioni più insolite come Ruled, ricca di scanalature e solchi tridimensionali e Ancient, con un sofisticato effetto anticato che ben si adatta a recuperi in stile e progetti dal sapore retrò.

Unique Travertine è la sintesi ideale tra materia classica e progettualità contemporanea, un compendio completo e armonico di elementi capaci di interpretare, combinandosi tra loro, ambienti dal carattere definito e unico, dai più tradizionali ai più audaci e sperimentali.

Unique Travertine, boundless architectural potentials Unique Travertine is an anthem to the tactile beauty of travertine stone. It is a lovely, versatile collection that reinterprets a classical material from a fresh, highly contemporary viewpoint: a complete project, with additional inspiration from the different ways travertine can be shaped. The very varied range runs from the most natural options, such as Vein Cut, with the familiar lengthwise vein pattern created by cutting in the vein direction, Minimal, inspired by the way the underside of the travertine slab is shaped, through to more unusual versions, such as Ruled, with its many three-dimensional grooves and ruts, and Ancient, with a sophisticated timeworn effect ideal for period renovations and projects with a vintage mood. Unique Travertine is the ideal blend of a classical material and contemporary architectural potential, a complete, attractive assortment of materials that can combine to create design schemes with a distinctive, unique character, from the most traditional to the most daring and experimental.
